REGISTERED NURSE

PER DIEM

WELLFLEET

SUMMARY/OBJECTIVE

To provide professional nursing care and support for urgent care center patients receiving treatment and evaluation to all age groups ensuring patient continuity and quality outcomes.

ESSENTIAL FUNCTIONS

- Renders other treatment as ordered by providers, e.g. IVs, pulse oximeter.
- Assists in triaging patient telephone calls and walk-ins to identify need for urgent care and to make appropriate referrals required for the management of patient care.
- Obtains required specimens and performs or requests diagnostic laboratory tests; communicates results to provider. Ensures that physician and patient are notified of abnormal test results.
- Independently sees patients for routine visits such as blood pressure checks, allergy injections, minor wound care, uncomplicated suture removal, etc., all according to OCHS Nursing Protocols.
- Seeks appropriate and timely guidance from the Nurse Manager depending on the concern.
- Carries out role and functions with a performance improvement perspective.
- Maintains patient privacy and confidentiality of information at all times during the urgent care visit.
- Maintains patient's records with accurate and timely documentation in the Electronic Medical Record (EMR)
- Provides or arranges for patient education. Instructs patients in the proper use of medical equipment, prescribed regimens and other nursing care regimens
- Promotes and supports teamwork by collaborating with team members including Medical Assistants, Patient Service Representatives, and Patient Providers,

ADDITIONAL DUTIES

- Maintains and enhances professional nursing skill and knowledge by attending continuing education programs. Fulfills Massachusetts's requirements for continuing nursing education.
- May assume charge responsibilities as required.
- Assist providers in urgent care procedures. Implement orders for EKG's, dressing changes, suture removal, ear lavages, splinting, injections, IV insertion, and IV infusions.
- Performs other related duties as required or assigned.
- Other related duties and projects as assigned.
- Adheres to the NPSG (National patient Safety Goals) that are applicable to ambulatory care centers
 - Goal 1 – Improve the accuracy of patient identification
 - Goal 3 – Improve the safety of using medications

- Goal 7 – Reduce the risk of health care-associated infections
- Universal Protocol – Preventing wrong site, wrong procedure and wrong person surgery
